Open Day for Applicants in Batumi

An Open Day for prospective students was held in Batumi, bringing together state universities and vocational colleges. Within the framework of the event, the Minister of Education, Science and Youth of Georgia, Givi Mikhanadze, and the Minister of Education and Sports of Adjara, Maia Khajishvili, toured the educational spaces and received information about the programmes offered by universities and colleges.

The Sachkhere branch of the Business and Technology Academy also participated in the event. The Academy's stand attracted significant interest from prospective students, and its representatives provided visitors with detailed information about available programmes and admission requirements.

Visit of MP Davit Chelidze

The Business and Technology Academy hosted the Majoritarian Member of Parliament for Nadzaladevi, Mr. Davit Chelidze, along with representatives of the Nadzaladevi District Administration and members of the Nadzaladevi Civil Advisory Council.

During the visit, discussions focused on the procedures required to ensure safe movement in the area surrounding the college (Tseronisi N208), including the installation of regulatory and traffic-calming signage.

The Head of the Business and Technology Academy, Sopio Macharashvili, introduced the guests to the advantages of vocational education, as well as the opportunities to acquire priority professions through state-funded programs.
